

Lovisa
Retail case study

Lovisa is the first stop shop for the fashion forward to get their on-trend accessories fix. For their flooring, they needed a design that would not only match their trendy interior style visually but would also stand up against the high foot traffic of a busy retail space.

Karndean Opus Weathered Elm was a great match featuring an attractive mix of mid-brown and grey hues, which give an authentic-looking natural colour variation to the design without compromising on performance. Designed for heavy-duty commercial durability, featuring a 0.5mm wear layer, R10 Slip rating, and backed by a 15-year commercial warranty, our Opus range of gluedown luxury vinyl flooring has a proven track record of being fit for purpose in the busy retail sector.

To give an added sense of elegance and intrigue, the floor was installed in a herringbone pattern, another design flexibility benefit of this range that perfectly suited the store's décor.

The final result was a beautiful floor with the required durability to meet the store's requirements.

Please note: Since the installation of this flooring, our Opus Weathered Elm design has been discontinued from our portfolio. Our Opus range features 14 other wood look designs to choose from including Bleached Grey Walnut, our top recommendation for an alternative Opus option for those interested in the design of our discontinued Weathered Elm flooring.

Formats

We offer three types of product formats: Loose lay, rigid core and gluedown.

Loose lay

Karndean LooseLay features our K-Wave® friction grip backing which helps hold the product to the subfloor without adhesive, making it quick and easy to install. Ideal for underfloor access panels and temporary roomsets, each plank can be lifted individually where required.

LooseLay Originals

1050 x 250mm plank, 500 x 610mm tile

LooseLay Longboard

1500 x 250mm plank

K-Guard+® Surface Protection
Clear PVC Embossed Wear Layer
High Definition Photographic Layer
Stability Layer
K-Wave® Friction Grip Backing

Rigid core

Our rigid core ranges are ideal for installations where acoustics, uneven subfloors or preservation of existing hard floors need to be considered. A click-locking mechanism allows for quick installation and the preattached backing eliminates the need for a separate underlayment.

Korlok

1420 x 225mm plank, 457 x 600mm tile

Van Gogh

1220 x 180mm plank

Knight Tile

1220 x 180mm plank, 305 x 457mm tile

Gluedown

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean Designflooring.

Art Select

228 x 76mm, 915 x 152mm, 1219 x 178mm plank

Van Gogh

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection: www.karndean.com/advice. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice. We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information.
