Livable Luxury

*At Karndean, we
see flooring differently...*

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

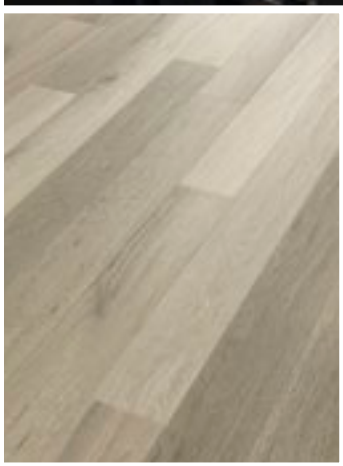

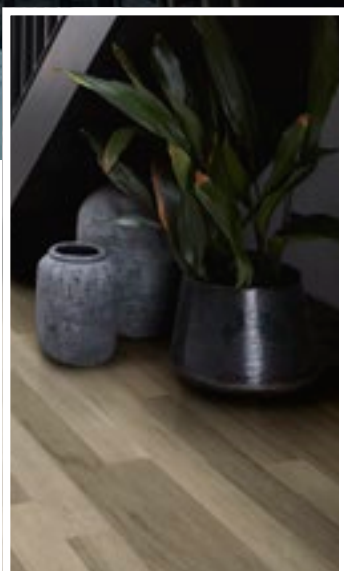

LIVABLE LUXURY

The Art Select collection allows you to bring the opulent look of luxurious natural materials into your home – from Italian marble to the semi-precious gemstone onyx. Beautifully replicated as Karndean luxury vinyl with a top-of-the-line 30 mil wear layer, you can achieve these extraordinary looks while enjoying the everyday practicality of flooring that's waterproof, scratch-resistant and easy to clean.

Inspired by Kent Ash

Part of the olive family, ash is an ancient species traditionally used to make tool handles and chair frames. The source timber for our Kent Ash designs – named for Kent Downs, a scenic conservation area in the United Kingdom – provided strong tonal contrast.

Waterproof

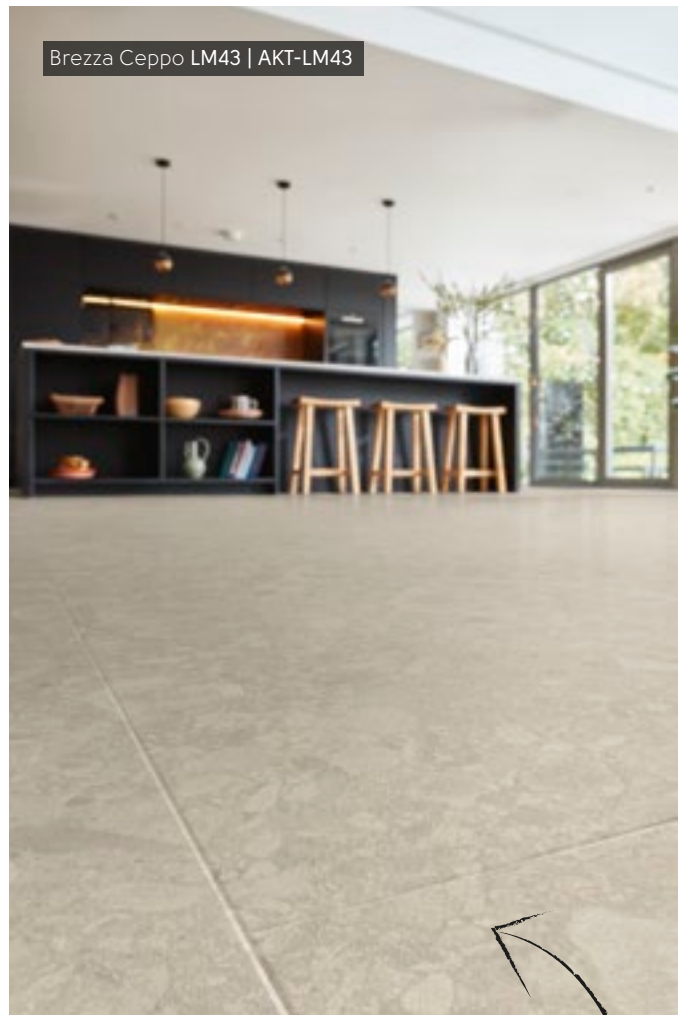

Kid Friendly

Pet Friendly

The woods and stones that inspire Karndean designs are sourced from around the world – forests and lumberyards to remote mountain quarries. In the skilled hands of the Karndean design team, the natural characteristics of the source materials are replicated and enhanced, capturing the distinctive grains, textures and markings of the original wood and stone.

Karndean Craftsmanship

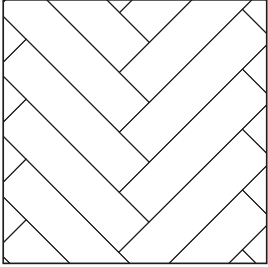

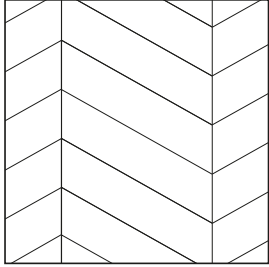

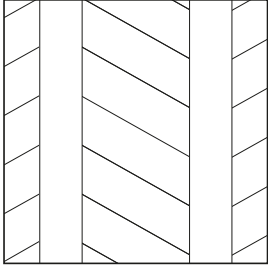

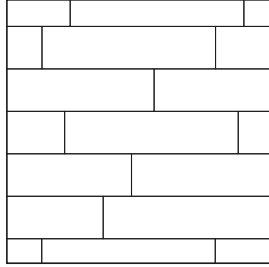

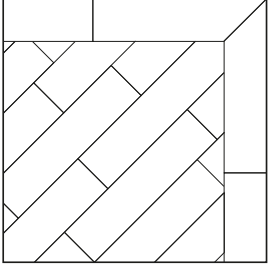

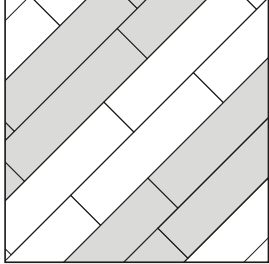

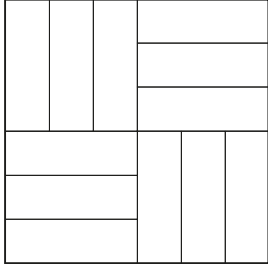

A hand-etched emboss precisely traces the grain of the source timber, giving the design an ultra-realistic look and feel, while a deep rounded bevel accentuates the character of the individual planks.

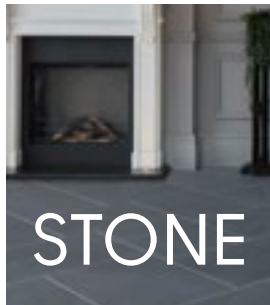

Stone-inspired designs feature a matte finish to minimize reflection, as well as a deep rounded bevel. Together, they highlight the beauty of each individual tile in any lighting conditions.

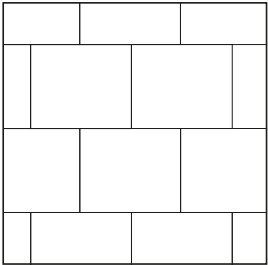

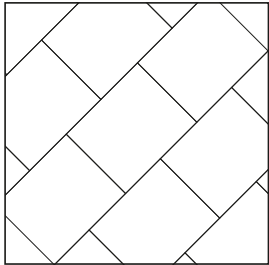

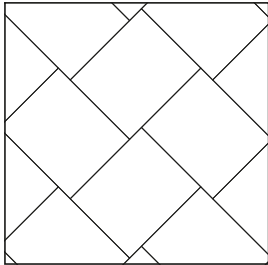

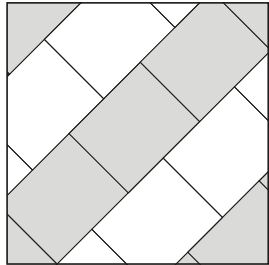

Make a Statement With Bold Designs

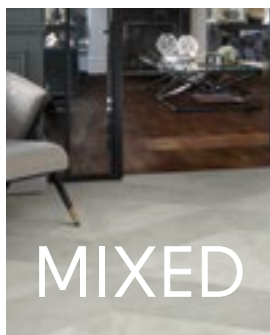

Karndean Art Select can be cut and laid to create striking patterns with both gluedown and rigid core formats. Share these ideas with your retailer or installer to explore the possibilities.  Gluedown |  Rigid Core

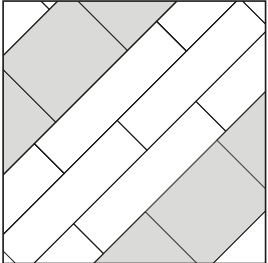

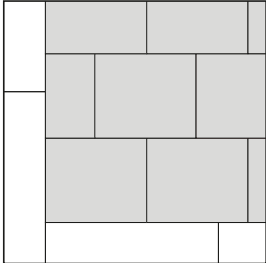

Herringbone*  	Chevron 	Broken Chevron 	Staggered  
			
Diagonal with Border 	Striped (2-color)  	Block 	
			

Brick Lay  	Diagonal  	Herringbone 	Striped (2-color)  
			

Striped (Wood and Stone) 	Wood Frame with Stone Inset 
	

*Design available in accent plank rigid only

Visualize it virtually

See what our designs look like in a variety of virtual settings – or upload photos to see them in your own space. Our Floorstyle visualizer is an easy way to compare designs, experiment with lay patterns, and create your dream floor. Scan the QR code to get started.

Art Select by Tone

= available in GLUEDOWN product

= available in RIGID CORE product

Warm

Flooring in warm tones works well for a timeless design approach. Brownish hues can be used to create a welcoming ambience in your home.

Calacatta d'Oro LM33 | AKT-LM33

Neutral

Neutral-colored flooring creates a clean foundation for designing your entire space. It's a smart choice if you occasionally like to update furniture and decor.

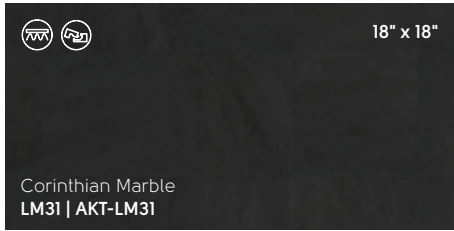

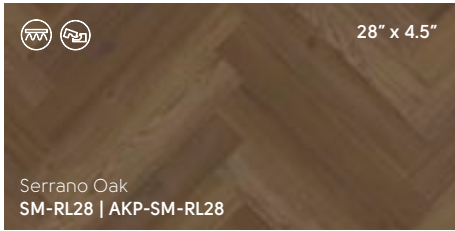

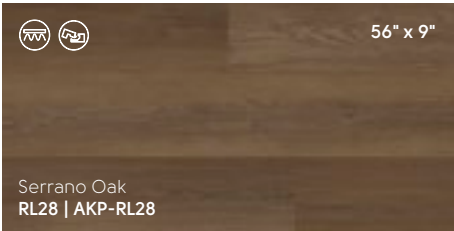

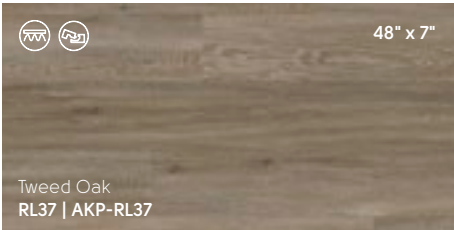

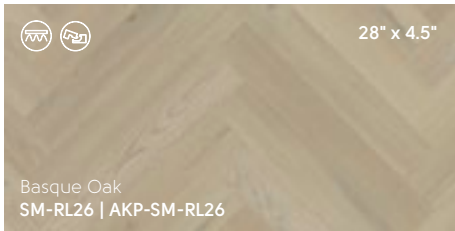

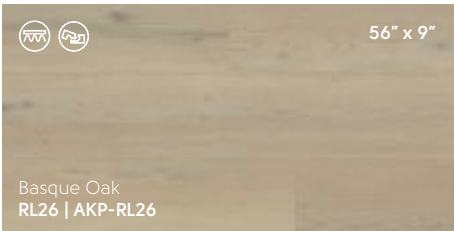

Locked for life

With Art Select rigid core, you get the added security of a 5G® locking mechanism. Our HoldFast® Lifetime Residential Warranty guarantees securely locked planks will stay together at the end seams.

Design tip

This elegant look can be achieved by installing two different gluedown colors of the same size that have been cut diagonally.

Color & Pattern Reproduction

Because of the printing process, photography may not represent our products with exact precision. In addition, the wood and stone materials replicated in our flooring designs feature unique variation that may not always be captured in a single image. We strongly recommend seeing product samples before placing an order.

To order free samples, go to the page of the product you like at karndean.com and click the "Order Sample" box.
