Heritage Collection

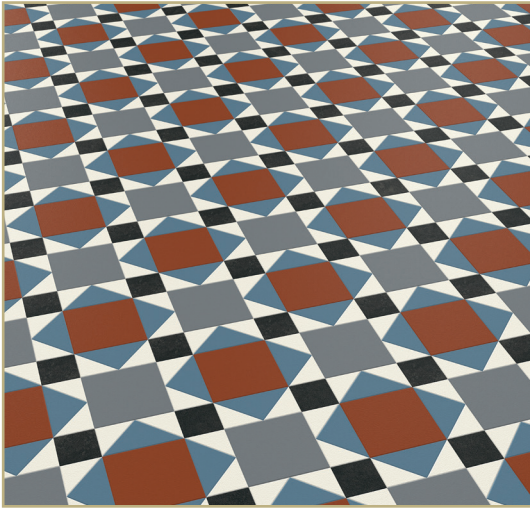

The Heritage Collection features exquisite designs that embody the pinnacle of designed floors, a concept that lies at the heart of Karndean Designflooring. Inspired by geometric tiled floors found in Victorian and Regency villas and townhomes, each design has been developed to capture the opulence of these traditional English architectural styles and patterns. The available colors within this collection, which include monochromatic and bold palettes, complement classic spaces and contemporary interiors alike.

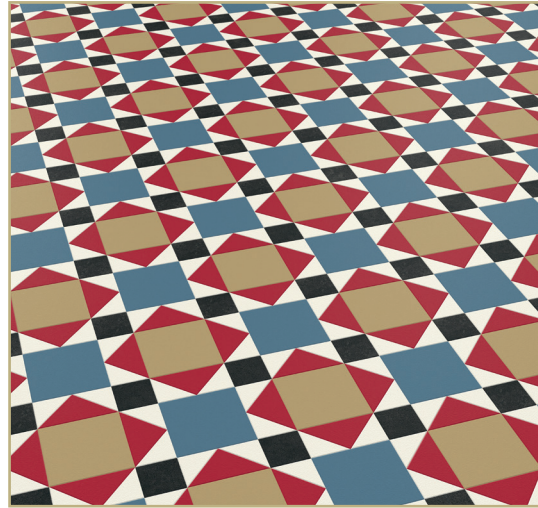

Whether you wish to recreate the original character of an elegant period interior or are in search of a striking modern floor, the Heritage Collection will give you a unique, eye-catching statement floor with all the practical benefits of Karndean Designflooring luxury vinyl.

Mayfair

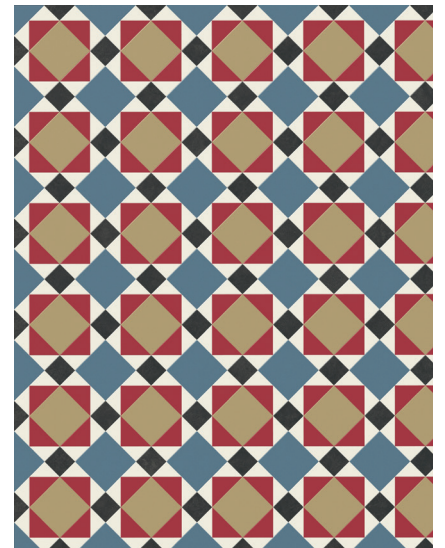

Mayfair recreates a traditional pattern formed from squares and triangles, historically found in the entrance halls of elegant Victorian homes in England. Our Mayfair design is offered in a classic color combination of blue, terracotta and gray or as a modern interpretation with a combination of blue, crimson and gold.

Mayfair MAYF-01

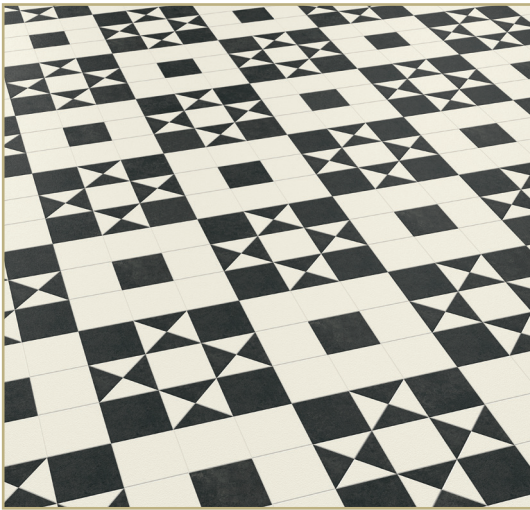

Mayfair MAYF-02

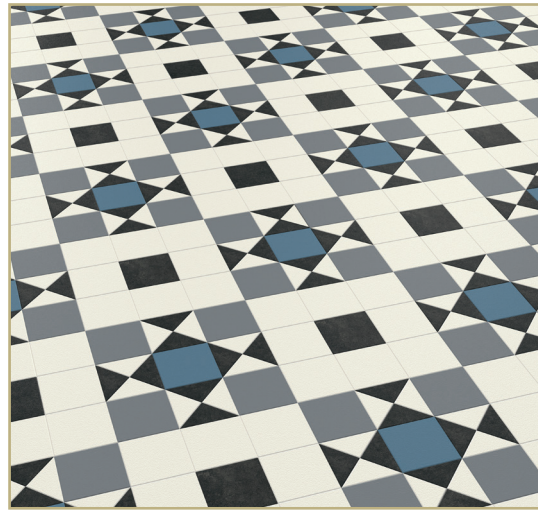

Clifton

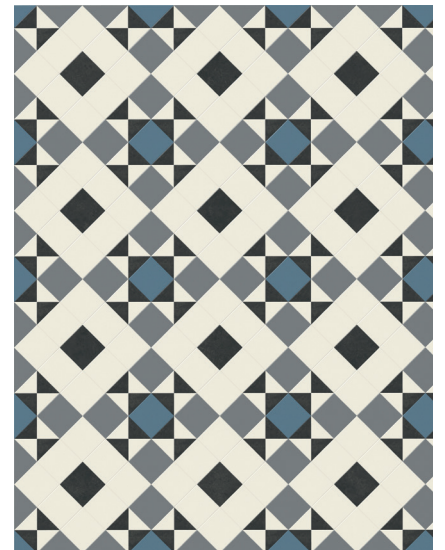

A pattern that looks stylish in traditional black and white, Clifton also offers a contemporary mix of gray and blue balanced with soft white and black highlights.

Design Ideas

First impressions

Create a grand entrance with the classic combination of terracotta, muted gray and soft blue, or use as a design accent to create an area rug or inset.

Create a statement

Compliment Heritage with a wood or stone look for an eye-catching, statement floor.

Simple elegance

Frame your space with a matching diamond border.

Color and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

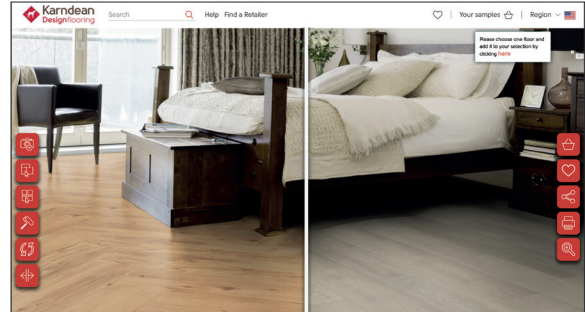

All of our products are inspired by things we have seen in the natural world. Just as variation in color and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

Visit us online at www.karndean.com, where you can...

Floorstyle

Our Floorstyle Floor Designer tool contains our entire catalog of products. You can select your favorite designs and see them in a variety of typical residential and commercial room settings or upload a photo of your own space! Change angles and laying patterns, add grout effect strips to the design, compare floors side by side, and also share your creations.
